Water –
Using, Managing, Treating

Even if water infrastructure exists, many African countries have either too much water to manage or not enough water. How can technologies support African cities and municipalities to use, manage and treat their water?

Hamed Beheshti
Chief Executive Manager
Boreal Light, Germany

Michael Kersting
Business Development
Hermann Sewerin GmbH,
Germany

Saran Kaba Jones
Founder and CEO
FACE Africa, Liberia

Moderation

Sannssi Cissé
Manager West Africa
German-African Business
Association / Afrika-Verein der
deutschen Wirtschaft (AV),
Germany

Waste –
Avoiding, Managing, Recycling

Recycling of waste bears a huge economic potential and can turn into a promising business for young African entrepreneurs. How can German industry participate in the growing sector and support in creating awareness?

Elvis Acheampong
CEO
ECycle-GH, Ghana

Markus Lücke
Head of Project
Global Project - Support of the
Export Initiative for
Environmental Technologies,
Germany

Prof. Dr Martin Wittmaier
